

UKRAINE

*A Nation of Resilience, Rich Soil, and
Rising Reconstruction*

Introduction

- **Population:** ~36 million (2024 est., post-displacement)
- **Capital:** Kyiv
- **Area:** 603,550 sq. km (largest in Europe excluding Russia)
- **Language:** Ukrainian (official), Russian (regionally spoken)
- **Religion:** Predominantly Eastern Orthodox

Currency

Hryvnia (UAH)

1 UAH = 3.5 NPR

Government

Unitary Semi-

Presidential Republic

led by President Volodymyr

Zelenskyy (Servant of the People)

Cultural Highlights

Festivals: Independence Day (Aug 24), Orthodox Christmas (Jan 7), Ivana Kupala Night(july 6-7)

Foods: Borscht, Varenyky, Holubtsi, Chicken Kyiv

Customs: Embroidery (Vyshyvanka), folk dances, traditional music

Pre-War Economy

GDP: ~\$200 billion

Per Capita Income: ~\$4,700

Major Exports: Wheat, corn, sunflower oil, iron/steel

Economic Strengths:

Top 3 global grain exporter

IT sector earning ~\$7 billion/year

Rich in iron ore, coal, and black soil (chernozem)

War Effects

GDP: Fell by ~30% in 2022

Per Capita Income: Dropped below ~\$3,000

Export Disruption: Grain & steel exports blocked; port access limited

Infrastructure damage >**\$400 billion**

Mass displacement & labour loss

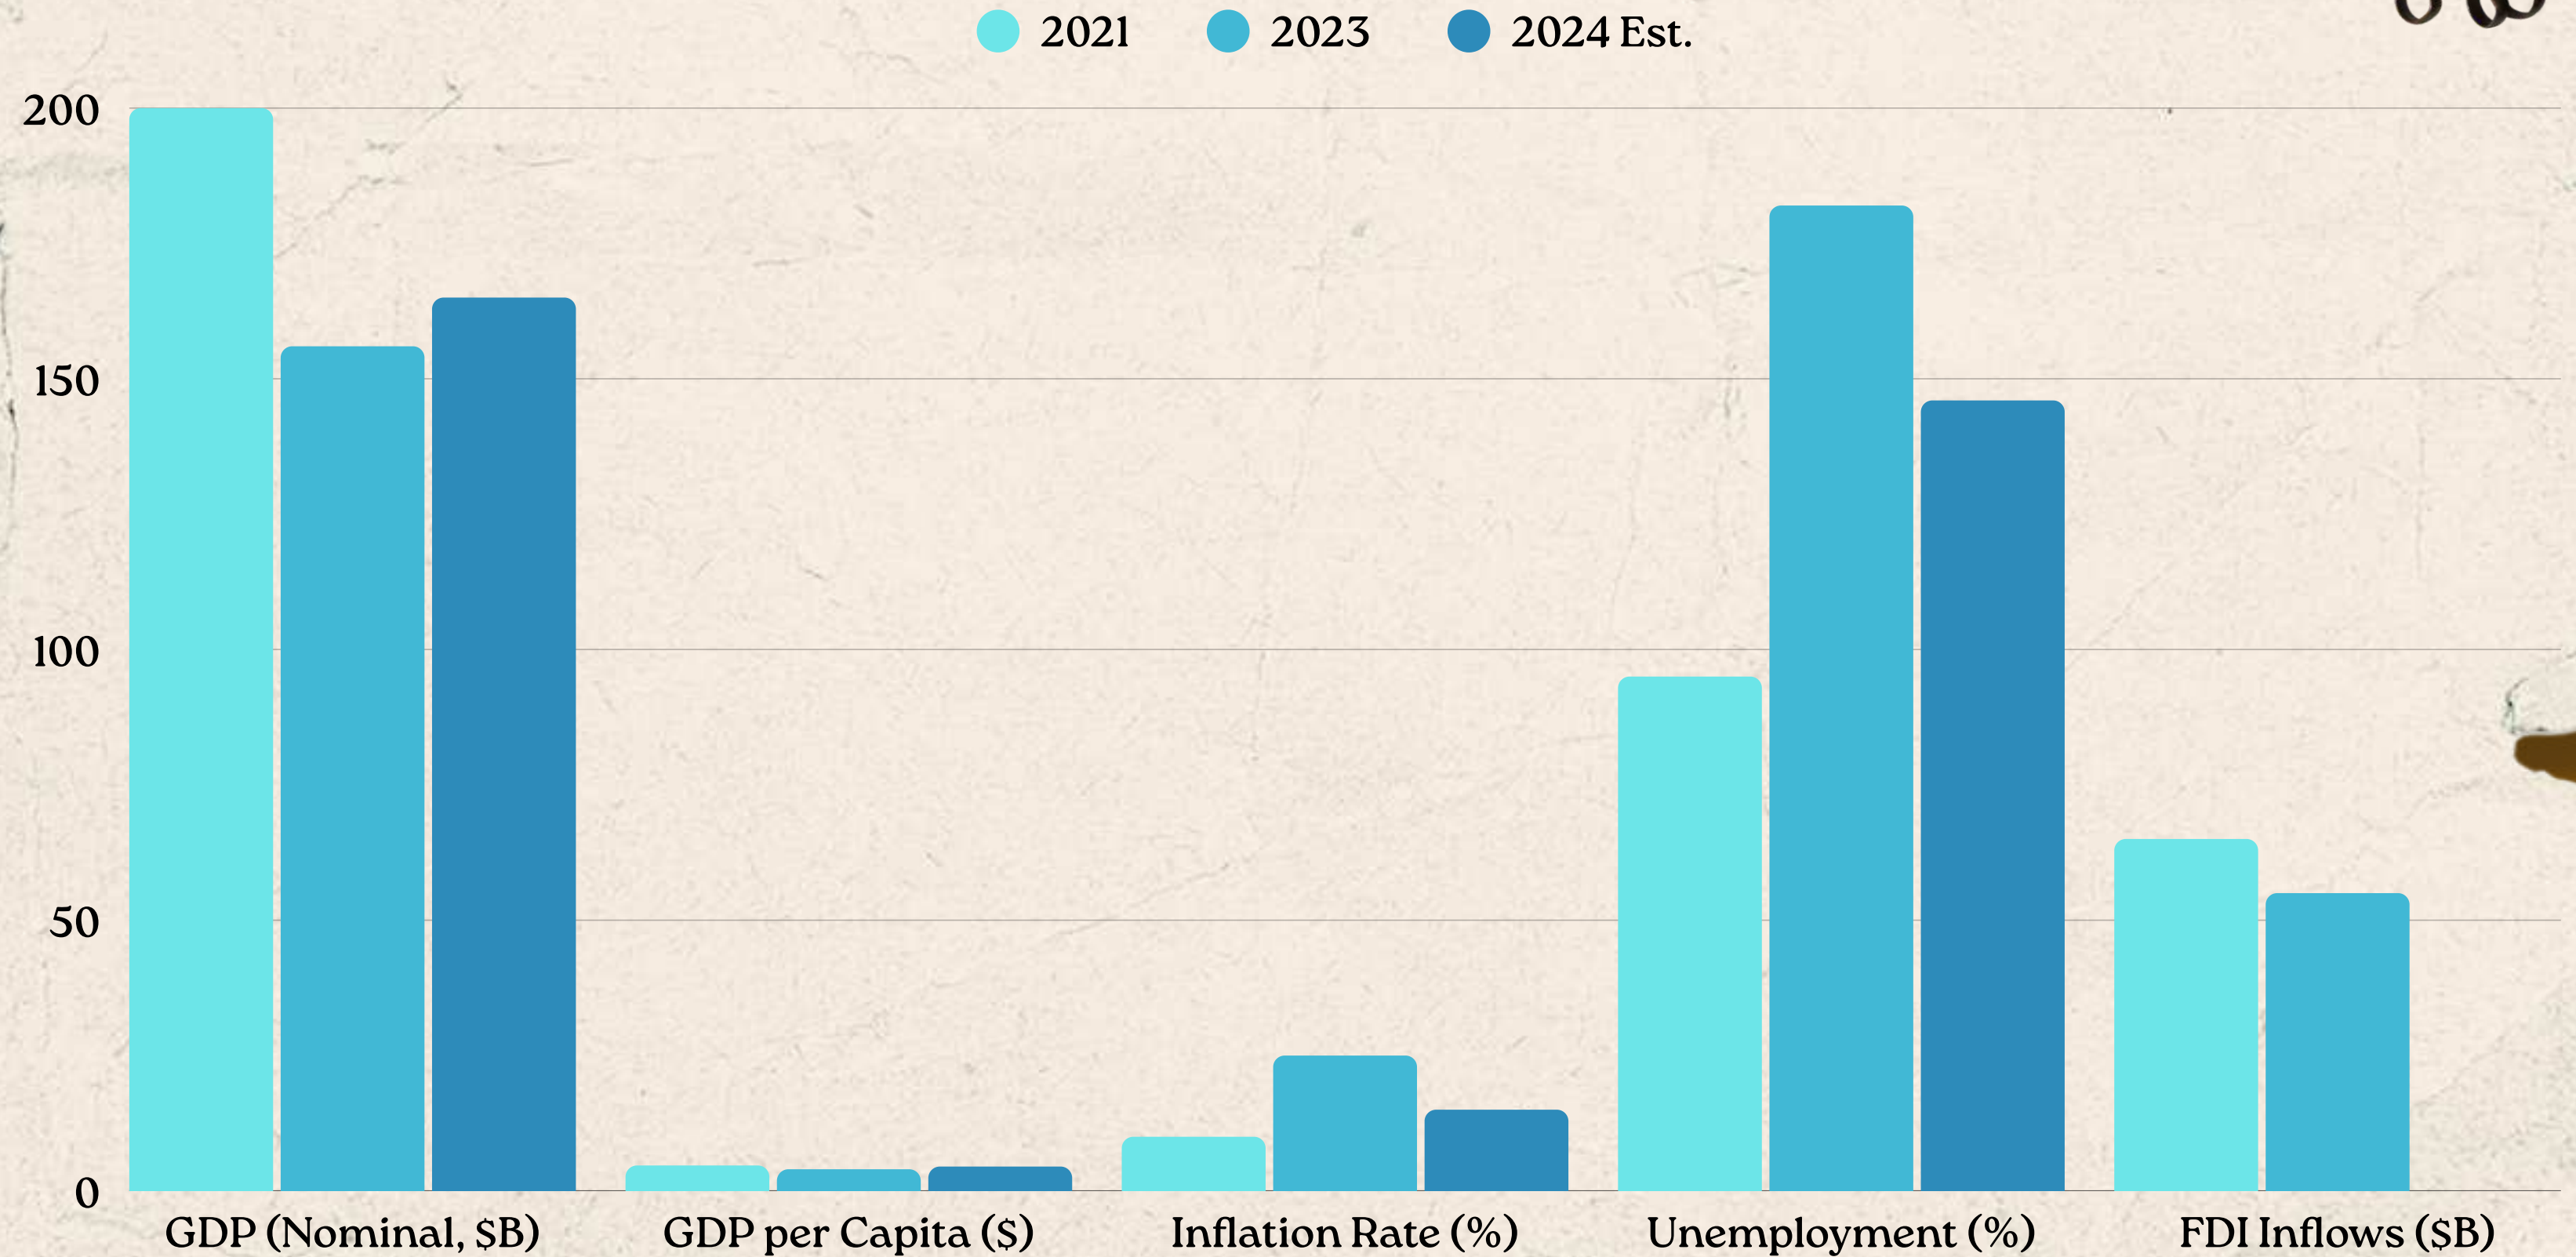

Farmland damaged by war

Heavy reliance on foreign aid & IMF

IT sector remained resilient (~**\$7B/year**)

Comparision

Key Trade Partners & Patterns

Exports:

Wheat, corn, sunflower oil, metals

Top Destinations: EU (Poland, Germany),
China, India, Turkey

Imports:

Machinery, fuel, electronics

Top Sources: China, Germany, Turkey,
Poland

Before the war, Ukraine supplied 10% of global wheat and nearly half of global sunflower oil.

Strategic Industries

- 🌱 **Agriculture:** Fertile black soil, grain power
- 🏭 **Steel & Metallurgy:** Severely impacted by war
- 💻 **IT Sector: Resilient** – \$6.7B export revenue in 2023
- 🌬️ **Renewables:** Strong solar & wind growth due to energy crisis
- 🚀 **Aerospace:** Antonov legacy, now mostly symbolic

Top Investors

EU, U.S., Canada,
Japan investing in
reconstruction,
energy, agriculture,
and tech, aligning
with Ukraine's
Western shift.

Active MNC in Ukraine

- ArcelorMittal – Steel
- Nestlé, Bayer, Coca-Cola, Metro AG
- Cargill, Bunge – Agro-trading

Homegrown Giants

Kernel Holding,
Naftogaz, MHP
(chicken), shopify

International Aid & Integration

- **EU Candidate Status:** Since June 2022
- **IMF Aid:** \$15.6B program (2023–2027)
- **G7 & World Bank Pledges:** \$400B+ for reconstruction
- **Free Trade:** With EU via DCFTA; WTO member

Natural Resources

Key Resources

Iron ore, coal,
natural gas,
uranium,
titanium

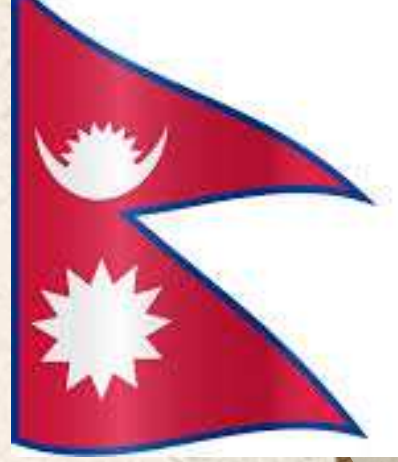

Energy Mix

50% nuclear, 30%
thermal, 20%
renewables

War Challenges

Access to Donbas
and Crimean
reserves
restricted

Ukraine-Nepal Economic Ties

- **Trade Volume:** Minimal (<\$1 million/year)
- **Imports from Ukraine:** Limited industrial supplies, wheat (occasionally)
- **Diplomatic Relations:** Since 1993
- **Opportunities:**
 - Student exchange & scholarships
 - Agro-tech cooperation
 - Tourism (Chernobyl, Carpathians, Kyiv)

Thank You
